

# 'Get Outdoors' GO! Program Landmark's Fabulous First Graders!!!

Look at what we learned during the 2008-2009 school year:

## Field trip to Watsonville and Struve Sloughs

- 👉 Binocular use
- 👉 Bird identification
- 👉 Bird tally sheets

## Weather Studies

- 👉 Weather vocabulary words
- 👉 Weather match worksheet
- 👉 Making connections between weather, water quality and the sloughs
- 👉 Pinwheels

## Roots and Water Quality

- 👉 Tap and fibrous roots
- 👉 Plants need 4 things to grow: water, sunlight, oxygen, soil
- 👉 Making connections between roots, erosion and water quality
